THE STATE ELECTION

To-day, Tuesday, November 4, the voters of Kentucky will determine at the polls whether the Democratic party shall be continued in power or the State government turned over to the control of the Republicans. It is a momentous decision, which no man should make without careful consideration of the issues involved, the qualifications of the opposing candidates, and the influences behind them.

Ordinarily, national issues may be disregarded in the selection of State officers, and should be if the local issues are of paramount importance, but such is not the case in this election. The Republican platform promises no reforms which the Democrats have not already undertaken, or are pledged to enact. The sole question presented, therefore, is which of the two parties can be safely trusted to redeem its promises—the Democrats or the Republicans.

To determine this question, reflect for a moment on the constituent elements of the two parties. The Democratic party admittedly contains the large majority of the intelligent citizens of the State, who own the bulk of the property, and consequently pay the preponderant proportion of the taxes. It is equally true that there are many good men and true and substantial taxpayers in the ranks of the Republican party, but they are in a hopeless minority, and their party's chances of success at the polls would be negligible if the negroes and the illiterate mountain whites were eliminated from the equation.

Considered from either point of view, State or National, the argument for the election of the Democratic State ticket is unanswerable, and unless we badly miss our guess the voters will so decide it to-day. Go to the polls early this morning and by your vote help to keep the reins of the State government in the hands of Gov. James D. Black and his able assistants.

GODD PRICES REALIZED AT THE THOMPSON SALE.

Good prices ruled at the public sale of stock, crop, farming implements etc., of I. D. Thompson, conducted Friday morning by Auctioneer George D. Speakes. There was a good attendance, and the bidding on nearly everything offered was spirited. Cows sold for \$30 to \$162.50; sheep, \$22 to \$26; sows, \$25 to \$40; sows with pigs, \$35 to \$40; fat hogs, \$35 to \$40; shoats, \$9.50 each; one mule, \$165, one pair mules, \$475; two-year-old horse, \$125; yearling Percheron horse, \$100; corn sold for \$5.75 per barrel, to be taken without grading as to soundness; straw, \$6 to \$9.50 a ton. The farming implements brought good prices.

Y. M. C. A. CAMPAIGN STARTS WITH \$7,050.

The initial movement in the \$10,000 drive for the local Y. M. C. A., was carried forward successfully at the meeting held in the Grand Opera House, in this city, Sunday afternoon, when the sum of \$7,050 was raised for the fund. The building, as at previous meetings, was crowded from wall to wall, and standing room only was available to late-comers.

Mr. John T. Collins, who has attained par excellence as a master of ceremonies, presided at the meeting, and kept matters going along. The business meeting was preceded by a concert by the famous Boys' and Girls' Band, of Maysville, an organization composed of thirty-five young men and two pretty young misses, under the direction of Bandmaster Purdon. The band made an excellent impression, their program stamping them as masters of their instruments. Every number was liberally applauded, to which the band responded with encores. Considering the time the organization has been in existence, and the tender age of some of the musicians, the band is a wonder, and would do credit to a much more pretentious place or leadership. The work of the band was supplemented by vocal solos beautifully rendered by Capt. Robt. Harbeson, whose superb tenor voice has often been heard here.

Rev. Robert Nooe, pastor of the Frankfort Christian church, who had been in the Y. M. C. A. service overseas, addressed the audience, giving a stirring and interesting story of his experiences in the work in the war zone. Rev. Nooe is an inspiring and magnetic speaker, and held the undivided attention of his audience to the end.

When the call came for subscription for the fund, the response was ready and liberal, pledges coming in amounts ranging from \$500 down to small sums of \$2 and \$1. The contributions totaled \$7,050.50. The committee made the announcement that the work would proceed until the entire amount had been secured. Several hundred names were enrolled on the list of pledges taken at the meeting Sunday, and additional names will be added from day to day.

Solicitors for the campaign fund were busy among the farmers on the streets yesterday, and succeeded in adding the sum of \$800 to the above, bringing the total to \$7,850. They found the farmer ready and willing to contribute to the fund, and many who contributed stated that they would make it a point to see their neighbors and stir them up.

NOVEMBER FLOODS SWEEP BOURBON COUNTY STREAMS

Following a week of rains, during which time the precipitation of moisture was far above the normal supply, the streams of Bourbon county, both large and small, took an added burden of water on themselves, with the result that the November "rise," totally unexpected, caused considerable damage throughout the county.

Stoner and Houston creeks and their tributaries were greatly swollen as a result of the continued rains and people living in the lowlands were forced to remove their household goods to higher ground. Especially was this the case in the colored suburbs of Ruckerville. Building material, fencing, logs, driftwood of all kinds, swept down the muddy current of Stoner for two days. The climax was reached when a live hog, crated for shipment, was rescued from the turbid waters of Houston creek, little worse for the experience. The water passed the level of the new dam at the Paris Milling Co.'s plant on Saturday and continued to rise until the reaction of the cold spell on Sunday set it on the back track.

A farmer who attempted to cross the north fork of Brush creek, near Little Rock, was compelled to abandon his machine. The rise of the waters was so rapid that when he left the scene only a few inches of the tow was showing. Townsend creek was so high that the rural mail carrier serving that section of the county could not cross and had to turn back. On Saturday two of the city mail carriers had to turn back on account of the high waters in their territory. Back water from Houston creek Saturday afternoon reached Houston avenue and reached the first floors of residences. Water invaded the first floor of the Paris Milling Co.'s plant, the flour stock having to be moved to higher quarters to prevent its being water-soaked. Sandy Bottom and other lowland parts of the city suffered from the invasion of waters. The Bourbon County Health & Welfare League through its Visiting Nurse, Mrs. Harriet Minaker, promptly investigated all cases of distress and gave relief to the unfortunate.

The interurban service between Paris and outside points was not as badly interfered with as it might have been under the circumstances, the cars running fairly close to schedule time. The greatest trouble was experienced near Paris, due to the water overflowing from Houston creek, covering the road.

An uncompleted section of the big dam on the Xalapa Farm of Edward Simms, near Paris, was washed away, together with the boxing and a large amount of other lumber that had been used in the construction of the dam.

The rainy spell has been the heaviest for many years, causing some damage. Tobacco all over the county has been injured, as well as corn in the shock. Several of the county pikes were rendered almost impassable.

RED CROSS ROLL CALL CAMPAIGN PROGRESSING.

Committees of ladies representing the Bourbon County Red Cross Chapter began the work yesterday of canvassing the city in the interest of the Third Red Cross Roll Call for membership in the county organization. The only requisite for membership is "a dollar and a heart."

Honor Roll sheets are being distributed to all the business houses in the city. Valuable assistance is being rendered in this respect and in the distribution of advertising matter by the members of the Girl Scouts organization. The negro precincts in the city will be taken care of by members of the American Legion. Reports of the work will be given in by Thursday night. The campaign through the county for membership will be conducted by committees under the direction of Mrs. Hiram Roseberry, to-morrow, Wednesday, November 5.

Be ready with your dollar when the solicitors come around. If you haven't a heart, have the dollar ready anyhow, and turn it over to the Red Cross with a right good will in a right good cause.

SUES FOR COMPENSATION ON REAL ESTATE DEAL

Charles P. Mann, representing the Paris Realty Co., has filed suit in the office of Circuit Clerk Wm. H. Webb against B. M. Renick, president of the Paris Milling Co., asking for a judgment for \$260 as compensation for selling the residence of Mr. Renick, on Duncan avenue, to Hiram Redmon, for \$14,000.

The petition alleges that after Mr. Mann, representing the Paris Realty Co., had made the sale, Mr. Renick refused to sign the agreement, and that the deal in consequence, of such action, fell through.

INTERURBAN CAR STRIKES AND DAMAGES TRUCK.

While backing out into the street at the corner of Main and Sixteenth yesterday morning a large motor truck belonging to E. F. Spears & Sons, driven by Charles Day, was struck by the 9:45 interurban car from Lexington. The rear end of the big truck was smashed. Day escaped injury. He claims he did not hear the car coming and was unaware of its being so close to him until the truck and car met in the crash.

A FINAL APPEAL TO BOURBON DEMOCRATS

Although this issue of THE NEWS appears on the day of the State election, we want to make a final appeal to all Democrats of the county, as well as all Independents and patriotic Republicans to let nothing prevent them from going to the polls and casting their vote for the entire Democratic ticket.

We urge this, not alone because we are a Democrat, but because we honestly believe there is more to hope for from the Democratic ticket, in the way of efficient State government, than from the Republican ticket. In the first place, the people chose the Democratic ticket, while a few Republican leaders choose their ticket. Gov. Black heads one ticket, Mr. Morrow the other.

We have nothing unkind to say about Mr. Morrow. We know him as a pleasant gentleman and a finished speaker of unusual force, but no one will seriously contend that he is the equal of Gov. Black in business or executive capacity. He has had no experience in either, while Gov. Black has been a success in both. Then, too, the State Senate will undoubtedly be Democratic, in fact, there are enough hold-over Democratic members and nominees without opposition to insure this, and how could the people expect real service with a Republican Governor, and a Democratic Senate and House?

Governor Black is a clean, Christian gentleman of high ideals and purposes, and will make Kentucky a conscientious, dependable, conservative and capable Chief Executive. We therefore hope and confidently believe he will be returned the winner by a splendid majority. Stamp your ballot under the rooster to-day, "that's the way!"

CHILDREN'S HOME CANVASS PROGRESSING THIS WEEK

Is a homeless Kentucky boy or girl worth the price of a smoke? And if it is, are you willing to back up your conviction to the extent of a dime—the price of a cigar?

These questions are asked of every person in the State by the Kentucky Children's Home Society, in an endeavor to raise \$300,000 in a fifty-day campaign, for the purpose of building a village of cottages on a farm, ten miles from Louisville, near St. Matthews.

As a reminder of what the destitute children, who have been reared by the Society, have done to pay their debt to the State, the children now in the care of the Society, proudly point to their service flag that contains 130 stars, representing the number of elder boys who shouldered the gun against the Hun. Five of the number gave their lives for the cause; ten won commissions, and one of the young ladies went to France as a Red Cross nurse.

The Society does not deal with the defective children of the State, but only with those who are normal, mentally and physical, and shapes them during the formative period of life into good and useful citizens. During more than twenty years of its history the Kentucky Children's Home Society received from the various counties of the State on orders from county judges about 3,000 children, several hundred of whom are now grown men and women in various avocations of life and an honor to the State and institution.

NOTED HYPNOTIST TO APPEAR HERE WEDNESDAY

Galvani, the noted hypnotist, who is probably known to as many, if not more theatre goers than any performer now before the public, has been engaged to fill an engagement in the Grand Opera House for three nights, commencing Wednesday evening, November 5.

On Tuesday night he will place a man in dream land in the display window at E. M. Wheeler's store to sleep until awakened Wednesday evening on the stage.

It will be remembered that Galvani is the man who gained much notoriety in this section when he hypnotized Wm. M. Damron, who was at that time Governor of West Virginia.

Galvani has been before the public for 23 years, and is considered a wonder. He has directed that ladies be admitted absolutely free Wednesday evening.

VOTE EARLY TO-DAY.

"Vote early" is the slogan of the city precinct officers in the election to-day, as well as workers in the bond issue campaign.

With four separate ballots to handle a great deal of extra labor will be forced on officers of election. In order that every ballot may be counted voters are asked to go to the polls early and await their turns, giving the clerks a steady flow of work during the day.

Expediting the work of handling the election to-day will be a patriotic duty.

FINED FOR HUNTING RABBITS OUT OF SEASON.

In the County Court, yesterday, County Judge George Batterson, assessed fines of \$23.50 each against Ora Owens and Albert Cameron, of the Ruddicks Mills vicinity, on charges of violating the game laws. The men entered pleas of guilty to hunting rabbits out of season. The arrests were made by County Game Warden Douglas Thomas, Sr.

QUESTIONS PUT UP TO ED. MORROW SATURDAY—NO ANSWER.

Does Mr. Morrow approve the vicious and incendiary denunciation of the President of the United States and the processes of the law?

Is Mr. Morrow for or against the Federal government in its course with relation to the coal strike?

Does Mr. Morrow believe the coal strike either lawful or justifiable?

Will he knowingly accept the support sought for him in a circular sent out Friday by the Republican Campaign Committee, and thus acknowledge his subservience to a spirit of lawlessness and intolerance?

Mr. Morrow is as dumb as an oyster respecting the great national and international issue, the ratification of the peace treaty. But he accepts the support of those who stand ready to hail his election as a repudiation of the treaty by the people of Kentucky.

He stands branded as a moral coward, as a time-serving, vote-seeking political trimmer, by his attitude on this issue.

His supporters in Bell county precipitated a new and much graver issue because it more directly concerns the business and the hearthstone of a large proportion of the people of Kentucky.

Will Mr. Morrow permit himself to be branded as a second time as a moral coward?

Will he stand dumb in the face of the vociferous incandiarism of Bell county supporters?

GAS AND ELECTRIC CO. SUED FOR DAMAGES.

Suit for \$30,000 damages for the death of his son, John Webb, has been filed in the office of Circuit Clerk Wm. H. Webb, by James Webb, administrator, through his attorneys, Talbot & Whitley, of Paris. The case will probably be heard at the November term of the Bourbon Circuit Court.

In the petition filed by the attorneys in the case it is alleged that in September 25, 1919, young Webb, while in the employ of the Cumberland Telephone Co., as a lineman, was, with the knowledge and consent of the Paris Gas & Electric Co., allowed to climb a pole belonging to the Electric Co. to adjust some high voltage wires, which were rubbing against the telephone company's wires. While so engaged, it is alleged he came in contact with a part of the high voltage wires which were not properly insulated, and received a current of electricity through his body which caused death. The plaintiff claims it was through the gross negligence and carelessness of the Electric Co. and its agents and employees that his son was killed. Webb is survived by his widow and one child.

ANNUAL MEETING OF REBEKAH STATE ASSEMBLY.

The annual meeting of the State Assembly of the Rebekah Degree, I. O. O. F. for the State of Kentucky, will be held this week at the Phoenix Hotel, in Lexington, beginning this (Tuesday) evening at 8 p. m., with an open session at which Miss Mattie Dalton, of the Lexington Lodge, chairman of the Committee on Entertainment, will preside. About 200 or 250 delegates are expected.

Music for this open session will be furnished by the Girls' Orchestra from the Odd Fellows' Home, and by local soloists. A drill, also, will be given by sixteen girls from the Home.

Wednesday and Thursday, at 9 a. m., the business sessions will be called to order by the president, Mrs. Iolene Hawkins, of Flemingsburg. At 2:30 p. m. Wednesday, the delegates to the assembly will visit the Odd Fellows' Home, inspect the plant and enjoy a nontertainment given by the children. Wednesday evening, 8 p. m. the floor work of the degree will be put on by a visiting team. Thursday evening, 8 p. m. the memorial service will be held, and the newly elected officers will be installed.

The Rebekah Lodge is the sisterhood of the Independent Order of Odd Fellows; one of its chief interests, besides the general moral and fraternal principles of the order, is the maintenance of the Home for Aged Odd Fellows and Rebekahs at Eminence. It aids in the support of the Widows' and Orphans' Home, also.

Paris lodge is represented by Mrs. Ida W. Snyder, delegate, and Miss Ollie Chambers, alternate. At the next meeting of the lodge, on Thursday night, November 13, when a social session and luncheon will be given, these ladies will make a report of the proceedings of the State Chapter.

STEIN-BLOCH SMART CLOTHES

True economy does not consist of buying articles because they are low priced. Frequently the purchase of a low priced suit may prove to be the greatest extravagance. The measure of economy is to be found in the measure of value.

There are no clothes made where the measure of value is greater than in STEIN-BLOCH SMART CLOTHES—where you will find such a complete and satisfying combination of tailoring, style, high quality of material, and all other factors that enter into genuine worth.

We know, from our long experience in the clothing business, that we could offer you no better clothes at any price. No better are made. And it is a great source of satisfaction to us to be able to offer such clothes at prices you would ordinarily expect to pay for clothes of inferior quality.

"In the mails which come to this office daily there is much duplication and much waste of money, to say nothing of the bother to us to sort out our mail from the 'junk.' Mail is still coming to this office from the treasury department, the census department, the war department, the labor section of the interior department, the collector's office, from Henry Ford's publicity agents, from the Red Cross, the Belgium Aid, the Boy Scouts, the Y. M. C. A., the naval recruiting service, the aid to fatherless children in France, the M. E. temperance bureau, the National Chamber of Commerce, the good roads bureau, the One Per Cent. Tax League, the Personal Liberty League, Purdue University, the public service boards and commissions, the picture corporations, the coal operators, etc., etc., on and without end, all wanting free publicity, all wanting something for nothing, from one that has to pay something for everything.

These various committees, organizations, companies, bureaus and departments would do well to correct their mailing lists. It is bad enough to send one copy to each publisher without sending it in double and triple doses. This condition could be corrected in a large measure by the people having this in charge. The government and State publicity is so badly managed, is so valueless

might as well be discontinued altogether. Add to this the waste of duplication and the extravagance is appalling."

Saying Or Doing?

"Your actions speak so loud I cannot hear what you say," said Emerson. Roosevelt put it another way—"Make your actions square with your words." It is what we do—not what we say that is the measure by which we are judged. No matter how we may talk, if those words are not backed by acts, all our professions are in vain. There are people right here in Paris who rant and talk about the town and what should be done to make it better. They can tell all its good points and are strong in their condemnation of people who are not "boosters"—and then the first thing we know we find them sending their money to mail-order houses or going to the city to trade. Help your "Old Home Town." The town that is good enough to live in and make a living in is good enough to spend in—and, you will find that your home merchant is no higher, quality considered, than elsewhere. It is not what you say about Paris, it is what you do, and how you live to your own words.

Don't Stop Building.

The cry is for houses—more houses—and still more houses here in Paris. The cost of material and labor is high, but there seems no prospect that it will be lower and the houses are needed right now. The man who has contemplated building should not be dissuaded by the cost, for when the building is completed the value is there. Many of our citizens have been contemplating improvements. It will be the part of wisdom to make the improvements now, for there is every chance that next year will see materials and labor even higher than at present. We cannot look for cheap building material. Our forests are denuded, and there has been no substitute found that will reduce the cost of building. Nothing has been done for two years to bring down material—now, we must build more than usual.

Undeodorized Aliens.

This good old U. S. A. is so full of aliens of various and sundry kinds, among them being the turbaned, the yellow, the low-browed and the undeodorized, that a little wholesome legislation relative to their accumulating large gobs of land here is well. We like our Hindoo brother first rate out on the railroad section, and are not particularly averse to seeing a slant-eyed Mongolian chase a shirt up and down a washboard, but don't exactly hanker for either of them buying the adjoining home place next to us and smoking baled hay and opium and stewing chop-suey to the detriment of the pure and ambient atmosphere now full of healthful microbes and ozone.

All In a Day's Work.

A newspaper publisher has to do a great many things in his calling that are personally disagreeable to him. To do his paper justice he at times sacrifices friendships that are priceless. He is forced to forget himself as a part of the machine. He goes after stuff that does not interest him personally a bit, but he does it as a duty. Sometimes he is met by a haughty grandee who wants to know what business of his it is if he does so and so, and the editor is given the insult direct. But he doesn't pay any attention to insults. If he did he wouldn't last a day. In a little country town these insults are borne as a business policy but not always forgotten.

Back To Old Time.

Here we are again back to the old time, clocks and watches having been set back an hour to conform with the order of things before the so-called "daylight saving" law became operative.

Personally we preferred to let the time stand as it was, even if we did have to hustle out of bed an hour earlier. The advanced hour got us out of the daily grind with more daylight at our disposal in the shank of the afternoon, and that seemed to have suited city folks best. Country people, however, didn't look at the matter from the same viewpoint, and it was their attitude that caused a revocation.

PORTRAITS OF RED CROSS WORKERS ASKED

A request has been received by officials of the local Red Cross Chapter from Dr. Stockton Axson, National Secretary of the Red Cross, asking that photographs of the Chapter's most prominent workers be forwarded to the Red Cross headquarters. At a recent meeting of the Chapter it was decided to send photographs of Miss Ranah Owens, Mrs. Owen L. Davis and Mrs. H. Clay Howard.

The request, as stated by Dr. Axson, was made in accordance with a plan to be put into effect for making a painting to typify the work of the womanhood of America during the late war. The face of the allegorical picture is to be a composite of American women, and as such will bear the blended lineaments of representative workers in all sections of the United States.

EXPERIMENT STATION WINS IMPORTANT LITIGATION

A suit instituted last June in the Circuit Court at Mt. Sterling by the Kentucky Agricultural Experiment Station, through its counsel, Mr. W. B. White, against the C. W. Jean Company, an Indiana firm operating a number of cream buying stations throughout Kentucky, for failure to secure a license for their station in Mt. Sterling last spring, was successfully terminated last week. Judge Robert Winn, attorney for the C. W. Jean Company, appeared in open court and agreed that a judgment should be entered against his client for the sum of \$300 and costs. This represents the first prosecution brought by Dean Thomas Cooper for a violation of the Kentucky Creamery and Tester's License Law, the object of this law being to insure fair dealing between the producer of cream and the company buying it.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look At Tongue! Remove Poisons From Stomach, Liver and Bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

Wise Provision of Nature. Man always worships something; always he sees the infinite shadowed forth in something finite; and indeed can and must see it in any finite thing, once tempt him well to fix his eyes thereon.—Carlyle.

NOTICE!

Notice is hereby given that the Board of Council of the City of Paris, Kentucky, by ordinance passed at the regular meeting of said Council, on August 28, 1919, approved by the Mayor, and published as required by law, called and ordered an election to be held on the next regular election day, being November 4, 1919, for the purpose of submitting to the qualified voters of the City of Paris, Kentucky, the following question, to-wit:

Are you in favor of issuing bonds of the City of Paris, Kentucky, in the sum of Sixty Thousand Dollars, (\$60,000.00), to be paid in levies made annually to meet said bonds and the interest thereof, for the purpose of constructing and extending the sanitary sewer system of the City of Paris on the following streets, to-wit:

"Main street from Fourteenth street to Twentieth street.
"Fourteenth street from Main street to Jackson street.
"Clifton street to a sanitary sewer on Clintonville pike from a point 50 feet east of the L. & N. Railroad to the intersection of Clifton street.
"On Clifton street from its intersection with Clintonville pike to Nineteenth street; from its intersection with Nineteenth street 700 feet to a lateral sewer.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

That Much Assured.

A somewhat impecunious young fellow rashly engaged himself to a charming young thing, who shortly after the excitement had subsided began to evince doubts. Said she: "How long, dearie, do you think we shall have to be engaged?" "Well, sweetheart," said the young man cheerily, "I have enough money to last for six months I think."

CONSTIPATION.

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Look Decent.

Bobby's father was a photographer, and the little fellow had often seen him take pictures and heard him admonish the people to "Look pleasant, please." One day he obtained a small, worn-out camera and pretended to take his little playmate's picture. Getting her to stand for a snapshot, he directed: "Now, Hazel, stand still and look decent, please."

A GOOD COUGH MEDICINE FOR CHILDREN.

Mrs. J. W. Phillips, Redon, Ga., phoned to J. M. Floyd, the merchant there, for a bottle of Chamberlain's Cough Remedy and said she had bought a bottle of it at his store recently and that it was doing her children so much good that she wanted to keep up the treatment. You will find nothing better for coughs and colds in children or for yourself. It keeps the cough loose, expectation easy and soon frees the system from the cold.

5 - SMALL FARMS - 5

And Two Houses and Lots

We will offer at public auction, on

SATURDAY, NOVEMBER 8th
AT 10:30 O'CLOCK

That excellent tract of land known as a portion of the W. Z. Thomson Farm at Donerail Station, on the Q. & C. R. R., 7 miles from Lexington on the Dixie Highway, and five miles from Georgetown, every foot of which is old sod land except about ten acres that was plowed out of sod this year, and all of it is excellent tobacco land and will be offered in the following manner:

Three five-acre tracts; one ten-acre tract; about thirty acres, which has on it ten-acre barn and an 8-room house, excellent land, splendidly watered, as a whole. This farm will be offered in a way and with terms that will be very liberal, that everyone can own a piece of land that will pay for itself with one crop.

There will also be offered two houses and lots located at Donerail Station, one three room house and one four-room house with good gardens thereto, and excellent water.

Terms will be made known on day of sale, which will be very liberal indeed.

I Owe My Life to PE-RU-NA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peru-NA. After some of the best doctors in the country gave me up and told me I could not live another month, Peru-NA saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while plying my trade as a auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peru-NA. It cured me! so I cannot praise it too highly."

It Cured Me

RAILROADS SAY COAL DEALERS MUST HUSTLE.

Announcement has been made by the Louisville & Nashville officials to the coal dealers of Paris, that a period of twenty-four hours only would be granted them in which to unload cars of coal. If the car is not unloaded in that time they assume the risk of having it confiscated by the railroad.

Also, if a merchant receives a car of coal, and it is not unloaded within a period of twenty-four hours, and another car consigned to them arrives, it will also be confiscated by the railroad.

Hurry! Let "Danderine" Save Your Hair and Double Its Beauty.

Stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair grow long, thick and strong and become soft, glossy and abundant. (adv)

PARIS BOYS WIN PROMOTIONS.

Landen Templin, of Paris, graduate of the 1915 Paris High School class and the 1919 class at the University of Kentucky, has been promoted to the position of manager of the draughting department of Hersch & Bro., manufacturing engineers, at Allentown, Pa., where he has been stationed only a few months. He is a son of Mr. and Mrs. T. T. Templin, of Paris.

The promotion came to Mr. Templin after he had landed a \$75,000 contract for his firm for heating and ventilating a large branch factory for the Bethlehem Steel Corporation, in Pittsburgh, Pa., over the competition of several other bidders.

George M. Kiser, formerly an attaché of THE NEWS, who has been in charge of the Bowling Green office of the Frick & Lindsay Oil & Gas Supplies Co., of Pittsburgh, Pa., has been promoted to the position of Assistant Credit manager for the Kentucky district, effective November 1. About January 1 Mr. Kiser will be advanced to full charge of the credit department, and will make his headquarters in Louisville, in charge of the work in the Eastern and Western Kentucky oil fields.

TELEPHONE RATES TO CONTINUE.

At the meeting of the City Council permission was granted the Paris Home Telephone Company to continue its present rate of charges for another year. While the rates may seem to be a little high, there is no good reason why they should not be maintained until normal conditions prevail.

Material has advanced greatly and salaries are higher, hence, in order that the company may make a reasonable profit it is necessary to charge more for the services given now than was charged a few years ago. It is hoped that within another year we may be back where we were, and that it will not be necessary to continue the high price of everything, as is the case now. The laborer is worthy of his hire. Let's register no kick on a continuation for a year of the advanced rates, but hope for and expect a service commensurate with the price charged.

AMERICAN LEGION TO GIVE A BANQUET.

At a meeting of the American Legion representatives in this city an entertainment committee, composed of Hiram Roseberry, Roy Ogden, Dr. Avonia Kiser, Fennell Galloway and Jos. Letcher, was appointed, and clothed with authority to make arrangements for a banquet to be given in this city on the night of Tuesday, Nov. 11, that being the first anniversary of the signing of the armistice. All the ex-service men in the county will be invited to attend as guests of the Bourbon Post.

The committee was also instructed to make arrangements for the appearance in Paris at an early date of the famous Million Dollar Band, which is giving concerts through the country under the auspices of the American Legion. This band is to furnish the music at the meeting of the National Convention, to be held in Minneapolis, Minn., in November.

At the meeting the case of a young Paris boy, who had returned from a long service in domestic camps in France, and was not given his former position, was brought to the attention of the Post Commander, who was instructed to look into the matter and to take action in accord with the principles of the American Legion.

GOT HER WIRES CROSSED.

In the stillness of the early morning Wednesday, while a NEWS scribe was vainly endeavoring to solve the problem of condensing a half-column of "stuff" into one paragraph, there came an insistent jangle of the telephone. There was no denying the hates demanded in answering.

From the other end of the line came the query, in a decidedly aggressive feminine voice: "Can you tell me what time the airships will arrive here?" Allowing time in which to recover, the scribe managed to convey the information that he had no knowledge of the matter, and could give no information that would be of value. In an injured tone came the reply over the telephone: "Why, I just read in the Paris papers where they would be here some time to-day." The scribe consulted his notebook for several pages, and despairingly informed the woman that as far as he could ascertain there was no event of that kind scheduled for Paris. After the aggrieved woman had slammed the receiver in place it dawned upon his benighted mind that the woman meant the visit of "The Flying Squadron," to Paris in the interest of the prohibition campaign. But the damage was done, and as it wasn't his day for flying, he went sadly back to his work.

PARIS "GOB" WRITES AFTER LONG SILENCE.

After a long silence on his part, THE NEWS has heard from Ed. Fitzpatrick, a former attache of the paper, who has been in the naval service of Uncle Sam for several years. Fitzpatrick has had a varied experience in the service, and has seen a great deal of the world. He is now on board the U. S. S. "Mississippi," on the Pacific Coast.

After the usual greetings, salutations and inquiries as to the general welfare of THE NEWS force, "Fitz," writing from San Pedro, Calif., says, in part:

"Have been having the time of my life since I reached the Golden Gate. God's country is a good name for California, for it is sunshine and flowers the years around. No overcoats here. No snowballs, either. I left the east coast in July, when the Pacific fleet was formed. Had nice trip through the Panama Canal, and visited all the large cities on this coast—San Diego, Los Angeles, Frisco, Seattle, Tacoma, etc., also touching at a few small towns—Santa Cruz, Santa Barbara, Monterey, and last but not least, had a big 'liberty' in Panama City. Our ship will make San Pedro its headquarters for the winter. That city being only a short street car ride from Los Angeles. I am getting lots of 'liberty' and everything thrown in. I will get out of the service in eight months, so expect to come and see all hands then. Am sending you copies of the official publication of our ship, 'The Mississippi Bulletin,' on which I am engaged. Regards to all. Would like to hear from all the boys. My address is, 'ED. DEATHS.

BROWN.

News has been received by friends here that Dr. John Young Brown, son of the former Kentucky Governor of the same name, and a surgeon of distinction, is dead in Arizona, where he went some time ago because of ill health. Pneumonia developed several days ago. For two years he was superintendent of the Central State Hospital at Lakeland. He was a professor in the medical school of St. Louis University and surgeon in St. John's Hospital. Survivors are his widow, Mrs. Cora Brown; a son, John Young Brown, Jr., and two daughters. All live in St. Louis.

DAVIS.

Relatives in this city received a telegram yesterday from Washington, telling of the death of Mrs. Garrett M. Davis, aged sixty-two, after a short illness, following a serious operation.

Mrs. Davis was the wife of Mr. Garrett M. Davis, for many years a prominent member of the Bourbon bar, who has been residing in Washington for years, being engaged in the Government service. As Miss Bettie Smith, she was one of the most beautiful young women in Paris, where she spent most of her girlhood days. She was a granddaughter of the late Mr. Benj. Harris, one of the pioneers of Paris.

The body will arrive in this city on the 10:49 Louisville and Nashville train from Cincinnati, this morning. The funeral will take place from the train, with services held at the grave in the Paris Cemetery, conducted by Rev. George H. Harris, of Versailles, former rector of St. Peter's Episcopal church, in this city.

The pall-bearers will be: Jo Varden, N. Ford Brent, Hugh Brent, James McClure, Charles N. Fithian and Joseph M. Hall.

RELIGIOUS.

The Woman's Missionary Society of the Methodist church will observe this week as a week of prayer, beginning this (Tuesday) afternoon at 2:30 o'clock. Meetings will be held in the church parlors. All the ladies are earnestly urged to attend.

The week of November 23 to 30 will be observed by churches of the United States as "Home Mission Week." Emphasis will be laid during the week on the work of the denominational organizations composing the Council of Home Missions, and the slogan for the week will be "Make America Christian."

HURRY! SAVE PENALTY! PAY CITY TAXES TO-DAY!

BOURBON COUNTY MAN WINS FISHING CONTEST

The fishing contest inaugurated for year 1919 by Bourne & Bond, sporting goods dealers of Louisville, came to a close Saturday. Elisha D. ("Shy") Brown, of Hutchison, this county, was successful in winning the gold watch fob offered as a prize for catching the largest bass during the year. His fish weighed six pounds and nine ounces.

Brown had been noted for many years as an expert fisherman, and has been winner in other contests held under the auspices of the above-named firm. His father, the late Richard M. ("Uncle Dick") Brown, was, in his time, one of the most noted fishermen in the State. He was for several terms County Clerk of Bourbon, and one of the county's pioneer citizens.

NOVEMBER COURT DAY

November Court day found the streets well-filled yesterday with a crowd bent upon one thing, apparently, and that one thing was in convincing the other fellow that his candidates in the State election would be defeated to-day by a large majority. There was but little stock on the market, and good prices ruled for these. Several horses changed owners on the public square at fair prices, while at the stock yards business was brisk in the livestock line. Shoppers for winter goods filled the stores, and merchants report a satisfactory business, especially in the line of winter apparel and kindred things. With the credit system coming closer and closer to the thirty and sixty-day payment plans, collections were very fair all along the line. Political speaking at the court house by Hon. Harry V. McChesney, Claude M. Thomas and Attorney Maury Kemper attracted large numbers of farmers.

WE'VE made special efforts to get together a splendid line of suits at these prices. There's no shortage in this showing, as we bought far in advance of the season and find it of great advantage to have this showing for our customers.

These suits are highly tailored, of all wool fabrics, backed by a guarantee of good service to the wearers.

Conservative dressers can be pleased in selecting their clothes here, while the young men will find their tastes suited in the riot of styles shown.

Double and single breasted coats in waist seams are style leaders—other good models shown, too. Plain colors and fancy mixtures help to make this a classy showing of suits.

You can count on the values backed by the Walsh guarantee of satisfaction.

BOX SUPPER REALIZES SUM FOR ORPHAN'S HOME.

The sum of \$96 was realized for the Kentucky Orphan's Home at Louisville at a box supper given in the Antioch church by the pupils of the Dudley School, near Hutchison, Miss Elizabeth Darnell, teacher.

SCORELESS FOOTBALL GAME.

The football teams of the Paris High and Carlisle High schools played a scoreless game on Wright Field, near this city Friday afternoon. Due to the soaked condition of the playing field from the heavy rains, neither team could make much headway, and the ball was in the center of the field most of the time.

LECTURE COURSES FOR TEACHERS.

County School Superintendent J. B. Caywood wants ten teachers and students, or more, to enter a class for correspondence and lecture courses, to be held each Saturday at the court house, in this city, by an instructor from the Eastern Kentucky State Normal School, at Richmond.

OBSERVE ARBOR DAY.

Arbor Day was observed by the members of the North Middletown Woman's Club, by planting trees in the church yard. These trees were dedicated to the three North Middletown boys who gave their lives in the world war. Two of these, Elgin Dalzell and Robert Rice, are buried at North Middletown, while the third, Strother Previtt, rests in the soil of the Flanders battlefield.

ATTENTION, FARMERS!

We are prepared to furnish you with hog houses, cattle troughs, sheep troughs, etc., on short notice. We are also well supplied with all kinds of lumber necessary for the protection of stock from the winter weather. It pays to take care of live stock, and winter is here. Roofs should be repaired, buildings should be stripped and other openings closed.

FINED FOR DRIVING OVER "CLOSED" BRIDGE.

Contrary to orders issued by the County Road Supervisor, forbidding traffic over a portion of the North Middletown pike and a bridge under construction, H. T. Merriman drove his machine over the road and the bridge.

Merriman, when arraigned in County Court on the charge before Judge George Batterton, entered a plea of guilty and was assessed a fine of \$22.50.

NOTICE TO VOTERS.

At the election to-day there will be at least four ballots to handle. This will entail a great deal of extra labor on the officers of election.

It is believed, however, that every vote can be recorded provided the voters go to the polls early and be patient until their turns come. This will give the clerks of election a steady flow of work during the day.

It is requested therefore that every voter do a patriotic duty and help to expedite the polling of the vote to-day.

DEMOCRATIC SPEAKING AT THE COURT HOUSE YESTERDAY

The Democratic campaign in Bourbon county came to an end yesterday afternoon when Harry V. McChesney, of Frankfort, Claude M. Thomas, of Paris, and Maury Kemper, of Lexington, addressed the voters of the county in the interest of the Democratic nominees for State offices.

There was a large crowd in attendance, being greatly augmented by the presence of large number of farmers, who were in the city attending November court. The speakers paid their respects in eloquent terms to the personnel of the Democratic ticket, from first to last, and compared the records of the two parties and their candidates. They paid tributes to Governor Black and predicted the continuation in power of the Democratic party by the election of its candidates. The speakers were greeted with frequent outbursts of applause as some telling shot was launched into the defenses of the opposing party and its candidates.

INFLUENZA

Attacks Weak, Ailing

Pepsinol Quickly Builds Up Strength to Fortify You Against Disease

ARE you weak, run down, ailing? Are you nervous and depressed? Do you suffer from stomach trouble, indigestion, dyspepsia, belching, gas, cramps? Are you unable to sleep soundly and restfully? Leading physicians have warned the country another Influenza epidemic is coming. They have advised the American people to build up their strength. Influenza attacks the weak and ailing, as well as those who, unsuspecting, are suffering from debility. The first thing for you to do is to select the proper medicine. This is the most important step. You will find there is but one which has the tonic, strength-building, relieving qualities you need—Pepsinol. The second Influenza epidemic may be worse than the first, which took more than 500,000 American lives and wrecked the lives of uncounted millions. For Influenza does more than take life—even those who recover may be left in such a state that they would welcome death. This scourge destroys vitality, poisons the body, frequently, indeed, impairs the mental faculties and nervous system forever.

Won't you fortify yourself now against Influenza? Won't you enjoy the strength, the healthy nerves, the pure blood, the renewed tissues that Pepsinol so quickly brings? Won't you take the pleasure in life that a sound constitution gives when every organ is working perfectly? Just let Pepsinol help you. Protect yourself against disease and invalidism.

Physicians and specialists recommend Pepsinol to build up strength, vigor and vitality, to refresh and soothe irritated, tired, aching nerves, to rid men and women of the stomach ailments that are so debilitating, to prevent insomnia. You may get the genuine Pepsinol of the authorized Pepsinol agent in your community. It is made only by The Peplax Medicine Company, Memphis, Tenn., and is in strict accordance with the standards of the U. S. Pharmacopoeia. Don't accept any substitute when you want Pepsinol. Experience has proved there is nothing so good.

Get Pepsinol from:

FARMERS URGED TO RAISE MORE HEMP.

Letters urging Kentucky farmers to take an interest in hemp raising next year so they may receive some of the advantages of the large hemp breaking plant to be erected in Lexington were mailed out over the State, Saturday, by John R. Humphrey, head of the department of markets, University of Kentucky. It is proposed in the letter that a Kentucky Hemp Growers' Association be formed and that it will be an equal partner with the mill authorities in passing upon grades of fiber in case of possible dispute.

The department of markets is planning to hold meetings within the next few weeks, within the power

hempbreaking area—Fayette, Clark, Bourbon, Woodford, Scott and Jessamine counties—to explain the proposition thoroughly and give the farmers an opportunity to sign contracts for the coming year.

Kentucky averages about 1,000 pounds of hemp to the acre, making a net return of between \$100 and \$110.

ONLY A COLD.

Are you ill? Is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

THIRD ROLL CALL NOVEMBER 2-11, 1919.

Miss Mildred Collins and Miss Katherine Hooe, of Paris, were among the 250 representatives of Kentucky Red Cross chapters at the State Conference of Red Cross workers in Lexington, October 21 and 22. Dr. Livingston Farrand, national head of the American Red Cross and other national and divisional officials explained the Red Cross peacetime program and urged a hearty response to the Third Red Cross Roll Call, November 2-11.

Chapter representatives at the conference will carry to every corner of the State the plans for future Red Cross activities as outlined by Dr. Farrand.

This national peace program includes disaster and emergency relief, an extensive Red Cross public health nursing service, instruction in first aid, home hygiene and dietetics, completion of the aid to ex-service men and the extension of home service to families of civilians as well, organization for community betterment and the enlistment of children in the Junior Red Cross.

"Kentucky's work in the Red Cross up to this time has ranked very high in the Lake Division," headquarters officials told Misses Collins and Hooe. "It is a matter of pride that our peacetime work should maintain the same high standard in the future."

Three hundred thousand dollar membership is the quota set for Kentucky in the Third Red Cross Roll Call.

BREAKS A COLD IN JUST A FEW HOURS

"Pape's Cold Compound" Instantly
Relieves Stiffness and Distress.

Don't stay stuffed-up! Quit blowing and sniffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops the nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine. Insist upon Pape's! (adv)

Ivory Mats.

There are but three mats of Ivory in existence. The largest one measures 8 by 4 feet; and, although made in the north of India, has a Greek design for a border. It is used only on state occasions, like the signing of important state documents. The cost of this precious mat was almost incalculable, for more than 6,400 pounds of pure Ivory were used in its construction. Only the finest and most flexible strips of the material could be used and the mat is like the finest woven fabric.

THIS MEANS YOU.

When you get up with a bad taste in your mouth, a dull, tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion. (adv-nov)

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your

taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Goethe Memorial at Welmar.

The genius of Goethe and Schiller characterize Welmar in many forms of civic beauty. Goethe, some years before his death, laid out a large public park in the form of a garden and without an enclosure of any kind. There a quaint relic of its originator remains in the stone altar round which a serpent climbs to eat the votive bread. Upon the altar is an inscription to the "genius hujus loci."

JAMES WATSON SAYS, "I'LL NEVER FORGET WHEN FATHER'S HOGS GOT CHOLERA"

RED CROSS PEACE PROGRAM CAMPAIGN.

There has been much said about the splendid work of the American Red Cross both in peace and in war times, and even louder than the spoken and written words speaks the marvelous service which it has done.

Beginning November 2, and continuing throughout the week the people of the United States are asked to support a peace program which will continue the work on an enlarged scale. To each person is made the appeal—if you believe in the work of the organization and are willing to continue it, express your willingness by wearing a 1920 membership button.

Of the Red Cross band it does not take
Great wealth to be a part;
It does not take great rank or power,
Just a dollar and a heart.

RIVER STEAMER BURNS AT FRANKFORT.

The steamer Sea Lion was totally destroyed by fire Tuesday morning while en route to Frankfort with three barges of coal. The steamer was valued at \$20,000, with \$10,000 insurance. The United States snag boat Gregory, which was at lock No. 12, was rushed to the scene, but arrived too late to be of assistance to the members of the crew, all of whom escaped without injury. The barges were cut loose from the steamer and saved.

Some Paris People Have Learned
That Neglect Is Dangerous

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there is yet time—begin treating your kidneys at once with a tried and proven Kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Paris testimony.

Mrs. A. L. Burley, 326 Eighth Street, says: "I have used Doan's Kidney Pills, getting them from the Ardery Drug Co., and from the benefit I received, I certainly think they are a good, reliable remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills. They have always relieved me of the complaint."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Words That Mean Much.

The sonorous opening of Lincoln's Gettysburg speech, "Four score and seven years ago," is not equivalent to eighty-seven years ago! Prose hath her harmonies, no less than poetry. It is such subtleties that make up the full effect of literary expression. "Victuals" is not equivalent to "food," "deathlessness" is not the same as "immortality"—as Lowell showed when he suggested that we try converting Wordsworth's title, "Intimations of Immortality" into "Hints of Deathlessness."—North American Review.

RED BLOOD MAKES BEST COMPLEXIONS

Wholesome Complexion the Pride
and Glory of Healthy Men
and Women

Pepto-Mangan Makes Red Cheeks
Builds Up Tired Bodies—Helps
Change Pale Complexions to
Bloom of Health

The healthy, attractive woman—and man too—with a wholesome complexion is the envy of those who feel that, for them, such attractiveness is impossible.

And yet health and attractiveness are much a matter of good, red blood and unless a man or woman is afflicted with some deep-seated or serious ailment, vigorous health, and personal charm are within easy reach.

Pepto-Mangan is responsible for the present health and happiness of thousands who formerly were thin, pale, languid and easily exhausted. Pepto-Mangan helped place these folks in the full-blooded, energetic, vigorous class—and it probably can do the same for you.

Pepto-Mangan contains the elements that make rich, healthy blood. And as a result of the increased supply of red blood that Pepto-Mangan creates, the entire system attains the vigor that belongs to every man and woman.

Pepto-Mangan is prepared in two forms, liquid and tablets. They are exactly alike in medicinal value.

Ask your druggist for "Gude's" when ordering Pepto-Mangan. Look for the name "Gude's" on the package. (adv)

STRIPPING OF TOBACCO IN FULL SWING.

Tobacco handlers throughout the county are now engaged in stripping their crops, and the present crop promises to be an excellent one in condition. There is some danger, however, that the continued damp weather may darken some of the light tobacco, but it is not thought the discoloration will cause any serious damage.

Although the condition of this year's Burley crop is not any better than last year's, it is said to be equally as good and the growers are hoping for even better prices for their tobacco than was received last season. The high market in North Carolina, where tobacco is selling several cents higher than last winter, is taken as an indication that the prices here this season will be unprecedented. The warehouses in this city are making preparations for receiving a large quantity of the weed for the opening sales, which will probably be held about December 2.

ODD FELLOWS \$500,000 ENDOWMENT FUND DRIVE.

The Grand Lodge of Kentucky, Independent Order of Odd Fellows, at its recent session in Louisville, in arranging to complete the \$500,000 endowment fund drive, appointed Beckham Overstreet, Past Grand Master, also of Louisville, and J. Whitt Potter, Past Grand Master, of Bowling Green, a committee on arrangements for the campaign.

This committee will hold its first meeting in the near future and at that time plans will be made for a vigorous campaign for the fund.

W. G. Duncan, of Greenville, Ky., Past Grand Master of Odd Fellows, made the proposition to the Grand Lodge to give \$5,000 to the endowment fund, provided the Odd Fellows of Kentucky raised \$45,000 additional in the next three years.

BREAKING OCTOBER RECORDS.

The present October has broken all records for temperature and precipitation. There may have been an October without a biting frost up to the 28th, but "the oldest inhabitant" hasn't come forward to prove it to us. We do not call to mind an October with so much rain as we have had the present month.

Camouflage in Reverse.

Reversal of the camouflage principle, greatly increasing the visibility of its subjects instead of concealing them by blending them with the background, is declared a possible peace development by the naval officer who developed that particular nature-faking system. Since every positive has its negative, color applications opposite to those used for confusing the eye are being studied for a possible standardized system of making distant objects conspicuous.—Popular Mechanics Magazine.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Catarrh is a local disease, greatly influenced by constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. Passed Up Tempting Offer.

William Ewart Gladstone, the great statesman, refused tens of thousands of pounds offered to him for articles by publishers. It is said that an American magazine proprietor once sent him a blank check and told him to fill it up for any amount he pleased so long as he sent him 2,000 words for his magazine. Mr. Gladstone returned the letter and the check also as blank as it arrived.

A RAT THAT DIDN'T SMELL AFTER BEING DEAD FOR 3 MONTHS.

"I swear it was dead at least 3 months," said James Sykes, butcher, Westfield, N. J. "We saw that rat every day. Put a cake of RAT-SNAP behind a barrel. Months later my wife asked me about the rat. Remembered the barrel, looked behind it. There was the rat—dead; not the slightest odor." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by The Farmers Supply Co., Paris, Ky. (adv-nov)

Puzzle for Marines.

Friends of the citizen "sea soldiers" are telling them that a marine not regularly a marine, although coached in the signals and likely to be called upon to "pinch hit" for a regular marine, must necessarily be a submarine. The "rookies" themselves say that Nonh Webster overlooked this knotty problem, when he wrote his best seller, and they are calling on sports editors to decide the question.

A LADY IN CHICAGO TELLS GRAPHS FOR RAT-SNAP.

Read Mrs. Phillips' wire: "Youell's Exterminator Co., Westfield, N. J. Rush \$3 worth of RAT-SNAP." Later received following letter: "RAT-SNAP" arrived. It rid our house of rats in no time. Just moved here from Pa., where I used RAT-SNAP with great results." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by The Farmers Supply Co., Paris, Ky. (adv-nov)

MATRIMONIAL.

STANHOPE—WHEELER.

—The marriage of Miss Alice Wheeler Stanhope, of Ludlow, and Mr. Henry Clay Wheeler, of Bourbon county, was solemnized Saturday afternoon at 2:30 o'clock, at the home of the bride's aunt, Mrs. F. E. Jouett, on Fourth street, in Louisville. The ceremony was performed by Rev. H. W. Tiffany.

The bride wore a dress of white duchess satin and georgette crepe and the regulation tulle veil, and carried a French bouquet of Ward roses and bouvardia. On account of the illness of the bride's mother, Mrs. H. Owsley Stanhope, the wedding was a very quiet affair. After their wedding journey Mr. and Mrs. Wheeler will make their home near Paris, where the groom is engaged in farming.

PORTER—McCOUN.

—The marriage of Miss Dazy Moore Porter, of Lexington, formerly a member of the Paris High School faculty, to Captain Bullitt McCoun, will be solemnized Wednesday, November 19. The wedding will be a quiet home affair, and the guests will be limited to a small number of relatives and intimate friends, on account of the recent death of the bride's mother.

The following beautiful announcements have been issued: "Mr. Joseph William Porter invites you to be present at the marriage of his daughter, Dazy Moore, to Mr. Thomas Bullitt McCoun, on Wednesday, November the nineteenth, one thousand nine hundred and nineteen, at five o'clock, Lexington, Kentucky. Mr. and Mrs. Thos. Bullitt McCoun will be at home after December fifteenth, the Cromwell, Frankfort, Kentucky."
